The value of the cocoons produced in 1843 in the pravinces which now compose the kingdom of Italy was upward of \$20,000,000. To obtain this there have been imported 123,744 pounds avorduples of eggs, at a cost of \$5,000,000.

of eggs, at a cost of \$5,000,000.

-Fifth avenue, N. Y., is to have a larber shop exclusively under the control of young ladies. The interesting part of the programme is that the tonsorlai operation is to be performed only on young men. Will the young men subjuit to the barber-ous operation?

The receipts of hogs at Boston, at the present time will not exceed 2,500 per week, which is a falling off of nearly half since the heated term commenced. Receipts in the winter and spring average 5,000 to 6,000 weekly. Prices range 50a7.

—A clergyman observing a poor man by the road braking stones, and kneel-ing to get at his work better, made the remark: "Ah, John! I wish I could break the stony hearts of my hearers as cusily as you are breaking those stones," "Yerhups, master, you do not work on your knees," was the reply.

THE TAX BILL.

The President signed the bill notwith-

The time in which the bill goes into

improved farm lands.

—An exchange wonders why genuine princes and millionaries find so much trouble in getting wives, while beging counts and barons have all the beauty of the watering-piaces at their feet.

—An egg within an egg was recently laid by an ambitious, hen in Norwich. The outer egg is of unusual size and shell exceedingly thin. The question is how did the hen get Inside to lay the linside egg?

—One hundred aml ten cords of wood was set on thre aml burned on the 13th inst, on the Faciliar railroad, two miles east of California, Moniteau county. It caught from the spurks of a passing locomotive.

—The value of the cocoons produced in 1833 in the pravinces which now compose the kingdom of Italy was upward of \$20,000,000.

To obtain this there have been imported 123,744 pounds avordupious of eggs, at a cost of \$5,000,000.

remark: "Ah, John! I wish I could break the stony hearts of my hearers as ensity as you are breuking those stones." "Terhips, master, you do not work on your knees," was the reply.

—To get rid of musquitees, take of gum camphor a piece almost one-third the size of an egg, exaporate it by placing it in a tin vessel and holding it over a hamp or candic, taking curo it does not light. The smoke will soon fiil the room and expel the musquitees, So says an Alaianna paper, and the experiment is worth trying.

—George Willani, of Oblean.

THE TAX BILL.

The President legisled the light on typic the compression of the control contro

trading in and to the Gulf are to the cetton ports, ships, barks, brigs for European freights of about say ships of 890 to 1,490 tuns, steamers of 1,000 to 2,990 tuns, brigs 400 to 800 tuns, barks 600 to 800 tuns, schooners 200 to 400 tuns. The trade carried on from Mexican, West Indian and South American ports, to the Atlantic ports of the United States, is by brigs, barks and schooners of the rates named above, and these are the vessels which will be employed from Pensacola to all ports of Mexico, Yucatan, Honduras, Central America, and the West Indies. On account of the cheapness of freight, the cost at this time is very little to bring freight from any of those countries even Treasury that a longer delay is necessary for the preparation and due delivery of any such stamps, he shall be authorized to fix a day not later than the first day of December next for patting said provisions relative to the use of either of such stamps into operation, and shall give public notice of the day so fixed and determined upon, which day shall then be heli and taken to be the time when that portion of this act which requires the use of stamps shall have offect.

Those portions of the enactment not included in the above section take effect immediately on its passage, which, of course, was the day of the signing of the bill by the President.

bilstered the dealzens of the city for several weeks past. Clouds entrained life sky, shutting out the rays of the sun, and as there were no fears of sunstroke, the streets were througed with business men, and business localities presented a more life-like and animated appearance. The volume of business is still sunit, and no special improvement is expected for several weeks yet. The crop question is the most important one being discussed in commercial circles, and advices are such as to warrant the opinion that an active and remunerative fall irude will amply repay for present apathy and stagnation.

We note a fair, local demand for four at quotations, but the indications are that prices cannot be maintained after the wheat of the Northwest is secured and begins to move to market. So far the receipts of wheat in this market have been learnly sufficient to meet in the wants of millers, and of the control of
